

## All About Payment Plans

We're here to help you navigate through the process of Payment Plans and Single Pay Programs! This brochure will outline key terms, step-by-step explanations, and highlight main benefits of payment plans.

### 1. Apply for Payment Plan.

The application process is quick and can be completed in less than 5 minutes. Speak to a representative to receive the link to your payment plan application. When applying for a payment plan, approval is immediate. You will receive an email with further communication regarding the status of your application within 24 hours of applying.

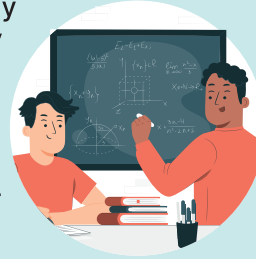

### 2. Sign your contract.

Once approved, a contract will be sent to the email associated with your application that you will need to sign to finalize the agreement. You will be instructed to link a payment method to your ISA portal and pay your deposit if it is included in your program.

### 3. Start your course and make payments towards your tuition.

With a payment plan, weekly payments are calculated by dividing the total cost covered by your Payment Plan by the number of required payments it takes to complete the program or beyond. Refer to a school representative to get more information on repayment length.

You begin to pay through your student portal once the course begins. After the first payment, you will be enrolled in autopay.

### 6. Graduate with a majority of tuition paid.

You complete your course with multiple payments made towards your tuition or have your debt completely paid off.

With a Single Pay Program you have the option of paying the total cost of your course upfront! You will receive an invoice during the application process to make a full payment.

Different schools provide different plans. Speak to a school representative to see which payment solutions are offered at your institute.

## Payment Plans Simplified

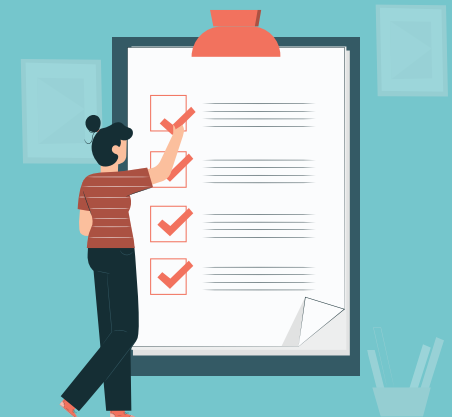

The process is simple, but we've highlighted some extra details associated with Payment Plans to help.

### Payment Plan

An interest-free way to pay your tuition. Instead of paying your full tuition up front, you will pay your tuition over a set number of payments throughout the course or beyond. The number and cadence of payments depend on the program you select.

You will be given your own student portal to log in and view your account. Some features of the student portal are:

- Manage personal task list.
- Make payments and view payment history.
- Visit Career Hub and student resources.
- Review your contract.

## Student Benefits

At Mia Share, our core purpose is always putting students first. We are dedicated to providing personalized and inclusive support to all our students. **Key Benefits include:**

- **Increased Affordability**

Make education more accessible and affordable by making smaller, interest-free payments over time.

- **Investment in Your Success**

Your school receives payments when you make payments. This means that your school and Mia Share are invested in your success.

- **Simple & Clear Repayment**

Unlike other financing options, our payment plans have no hidden fees. We also have ease of payment- bank linking, payment reminders, automatic withdrawals

- **Centralized Web Platform**

Mia Share is here every step of the way. We've developed a platform for you to make payments, view your contract, and much more, all from one location.

- **Career Support**

Mia Share will provide you with support in navigating the job search. From career advisors to resume building, we've built resources to optimize the process.

- **Full-Time Student Success Team**

Mia Shares provides a team that is committed to guiding you through your journey from onboarding to job support.

The student success team maintains regular communication through calls, texts, or emails. They will notify you of any updates you may have missed. If you need more help, you can book a meeting with them at any time!

## Our Mission

Supporting schools to empower students. At Mia Share, we build, manage, and fund custom tuition solutions for trade schools that prioritize student outcomes.

We give more students the ability to pursue affordable, valuable education. Take the stress out of investing in education to better your future. Mia Share wants to give more students the ability to pursue affordable and valuable education.
